

## HEIMSTREET LET OUT FROM PHARMACY BOARD

Governor La Follette Had Political Use for H. G. Ruenzel, a Milwaukee Man, Who Has Been Given the Janesville Man's Place.

## FOUND NO COMFORT IN ROCK COUNTY

Strong Local Protest Against the Summary Dropping of the Man Who is Called "The Father of the Board," for Political Reasons.

Madison, Wis., Feb. 8.—After twenty years' service on the state board of pharmacy, during which there has never been the breadth of criticism of his official conduct, E. B. Heimstreet of Janesville is to be dropped by Governor La Follette. The governor has named Henry J. Ruenzel, of Milwaukee, to succeed him on the pharmacy board and Dr. J. J. Wright, also of Milwaukee to succeed Dr. W. H. Carson of the State Board of Dental Examiners.

Change Was a Surprise  
Considerable astonishment is being manifested, however, over the displacement of Mr. Heimstreet, who was the father of the State Pharmaceutical association and also of the state Board of Pharmacy, has done

E. B. HEIMSTREET

more to advance the interests of the public through the promotion and enforcement of salutary laws regulating the business than any other man in Wisconsin. The change will take place in April.

His Time Had Expired  
The only reason given for the retirement of E. B. Heimstreet of Janesville from the board of pharmacy is that his term of office had expired. Outside the governor's office it is said that a feeling has grown up among some of the pharmacists that the board is becoming too much of a "close corporation," and that a change might prove beneficial. Mr. Heimstreet was one of the three names submitted to the governor by the State Pharmacy Association for the appointment.

A turn-down that came as a surprise to Janesville was made yesterday afternoon by Governor R. M. La Follette when he appointed Henry J. Ruenzel, of Milwaukee, to succeed E. B. Heimstreet of this city as a member of the State Board of Pharmacy. This move on the part of the governor is considered by republicans and democrats alike as a slap at Janesville and Rock county on account of its being the home of Senator Whitehead. Politicians see in this a move on the part of the governor to strengthen himself in Milwaukee country under the supposition that he had no hope of aid in Rock county.

On the Board for Years  
E. B. Heimstreet has been secretary of the Pharmacy board for the last twenty years and is really the father of the organization. He took up the matter with the druggists of the state in 1881 and gave his time and money during that year to visiting druggists in all parts of the state and getting things in shape so that at the meeting of the legislature in 1882, the bill organizing the State Board of Pharmacy was passed. Since that time he has devoted time and energy to bringing the board up to the present standard. His

## TRAINMEN ASK FOR A STATE OFFICE TO CORRECT ABUSES IN WISCONSIN

The Time Cards Are Inconsistent with Regulations—A Practical Commissioner Is Needed.

Madison, Wis., Feb. 8.—It is said that the railroad trainmen of Wisconsin will demand a place on the next Republican state ticket. It is asserted they will ask the party to place a practical railroadman, one who knows the code of rules and has had large experience, on the ticket as railroad or assistant commissioner.

## LIVE STOCK MEN ELECT OFFICERS

Arthur Stericker of Janesville, Named on the Executive Committee Representing Light Horses.

Madison, Wis., Feb. 8.—At the annual meeting of the Wisconsin Live Stock Breeders' association here yesterday afternoon a constitution and a set of by-laws were adopted. President George McKerron made an address, in which he said that the business of breeding live stock in Wisconsin was enjoying an era of great prosperity and had a most promising future. A resolution was adopted to co-operate with the state board of agriculture in holding another mass meeting for agriculturists next year. The following officers were elected: President—George McKerron of Sussex. Vice President—Fred Reibbrock of Milwaukee. Secretary—Frank W. Harding of Waukesha. Secretary—Charles L. Hill of Rosendale.

Executive committee (which also includes the presidents of other live stock associations of Wisconsin)—C. D. Rosa of Beloit, representing beef cattle; H. C. Taylor of Orfordville, representing dairy cattle; Professor W. L. Carlisle of the university, representing draft horses; Arthur Stericker of Janesville, representing light horses; E. E. Jones of Rockland, representing swine; W. L. Ames of Oregon, representing sheep.

## GOVERNOR MAY CALL AN EXTRA SESSION

La Follette Said To Be Considering a Move of That Kind—Taxation Measures.

Madison, Wis., Feb. 8.—Sources close to Governor La Follette are authority for the statement that the governor is again seriously considering the question of calling an extra session of the legislature and that he had consulted with members of the tax commission with reference to the preparation of bills for the higher taxation of corporate property for the special session. If the session is called it will be held the last week in April or early in May, and the sole question which will be presented to the legislature will be taxation measures.

## SAMPSON CLOSES HIS CAREER TODAY

Forty-Five Years of Active Service in the United States Navy—Will Be Retired Tomorrow.

Washington, D. C., Feb. 8.—Admiral Sampson today closes his career of forty-five years of active service in the navy. Tomorrow on his sixty-second birthday his name will be placed on the retired list in accordance with the law. Admiral and Mrs. Schley arrived home from their western and southern tour this morning.

## TWO STALLIONS FIGHT ON TRAIN

Imported Horses Engage in Battle in Car; One Is Killed and Vehicle Wrecked.

Cheyenne, Wyo., Feb. 8.—Two Percheron stallions, imported from England, fought a duel to the death on a fast stock train on the Union Pacific. One was killed, the car smashed into splinters, and Edgar Boise, the owner of the animals, lost \$1,500, the value of his horse. Two keepers in charge of the animals had to climb outside to escape the hoofs and teeth of the infuriated animals. When they succeeded in apprising the trainmen of the battle a side track was reached and every effort made to separate the animals, but finally one severed the jugular of his rival, which led to death.

## PRINCE NAPOLEON WILLING TO LEAD

Paris, Feb. 8.—Prince Victor Napoleon, the royalist leader today issued a manifesto. In it the prince expresses himself as in favor of a return to an imperial form of government. He opposes socialistic interference with wages and hours of labor and announces his willingness to act as a leader for the French people.

## RIVAL TO STANDARD OIL

Company Formed by United States Senators to Buy Western Wells.  
Denver, Col., Feb. 8.—From present indications the Standard Oil Company will have a strong rival in the company now being formed by Senators Elkins of West Virginia, Kearns of Utah and Clark of Montana. These notables have agents investigating the Colorado oil fields recently developed and there is prospect of a fight between the two companies to obtain control of the Colorado, Utah, Wyoming and California wells. The company is to have a nominal capital of \$10,000,000.

## STREET RAILWAY TRUST FORMING

Philadelphia, Feb. 8.—The North American says today that the traction trust which Morgan is reported to be financing will include all the elevated and street railways of Cleveland, Toledo, Baltimore, Chicago, St. Louis, Boston, Milwaukee and Detroit.

## MINERS ACCEPT OLD WAGE RATE

Big Strike Averted by the Firmness of President Mitchell.

## APPEAL TO REASON

Delegates Adopt Report of Scale, After a Long and Heated Debate.

## TREASON IS CHARGED

Indianapolis, Ind., Feb. 8.—President John Mitchell of the United Mine Workers of America at 1 o'clock Saturday morning prevented the declaration of one of the greatest strikes the United States has ever experienced. For a few moments he wielded the scepter of his power like an autocrat. Although twenty or more delegates to the joint conference of miners and operators were on their feet shouting "We have been betrayed!" and demanding recognition of the chairman, President Mitchell headed them not. The miners were ready to vote for a strike at once and such action would have called out hundreds of thousands of coal miners in Illinois, Ohio, Indiana and Pennsylvania.

But the president of the mine workers warned them of the crisis that was before them and pleaded with them to give dispassionate judgment on the issue at stake. So clear were his arguments and so convincing was his manner that at the end of a five-hour session the miners receded from their strike demand and voted to accept for the coming year the scale of wages that has governed in the coal mines during the last year, thereby yielding their demand for an increase of 10 per cent in wages.

The storm of the miners and the sudden strike menace were the result of the adoption by the joint scale committee of the miners and operators, who have been in session here for several days, of the last year's scale for the coming year. When at 8 o'clock Friday night the scale committee reported an agreement that was apparently a compromise, but was in reality the exact wish of the operators, there was a furor among the miners. A meeting of all the miners' delegates was at once called. This was held in secret and Mr. Mitchell presided. There was a long discussion and much objection to accepting the report of the scale committee.

While the operators have not yet accepted the scale there is no doubt of their doing so when the joint conference is again called to order. The agreement as adopted provides for the following rate prices for mining coal:

Pick mining—Eighty cents a ton, thin vein, Pittsburgh; 80 cents a ton, Hocking Valley; 90 cents a ton, Indiana bituminous; 90 cents a ton, Indiana block.

Run of mine—Forty cents a ton, Indiana bituminous; 40 cents a ton, Danville, Ill.; 57½ cents, Hocking Valley, when run of mine exists; 51½ cents, Pittsburgh district.

The action taken will be presented as a matter of form in the joint conference at Tomlinson hall, where it will be ratified and members of both sides of the scale committee appointed to draw up the contract for the next year.

## PADEREWSKI PLAY WAS INTERRUPTED

Vassar Girl Becomes Hysterical at Concert at Poughkeepsie, N. Y., and Starts Audience.

Poughkeepsie, N. Y., Feb. 8.—During the concert given at Collingwood opera house last night by Paderewski a Vassar student, seated among 400 college girls in the second balcony, overcame by emotion, became hysterical, screamed loudly, and created a great commotion.

Many of the audience, mistaking her screams for cries of fire, rose as if to flee. Paderewski was at the climax of one of his compositions. He hesitated a moment, discovered the cause of the disturbance at a glance, then continued to the end, while the audience, calmed by his coolness and reassured, cheered him.

The hysterical girl, whose name was Helen Heater of Waterbury, Conn., was removed by four ushers and afterward recovered.

## MILLIONS DEPEND ON RAILWAY SUIT

Arguments Completed Before Federal Court at Madison—The Old C. M. & St. P. Road.

Madison, Wis., Feb. 8.—(Special)—About two and a half million dollars are involved in a suit arguments in which have just been completed before Judge Bunn in the Federal court, being bonds amounting to six hundred thousand dollars issued in 1864, with interests at eight per cent, on the Milwaukee and Minnesota railroad, the "old line" of the C. M. & St. P., from Milwaukee to Portage by way of Beaver Dam. The latter bought the line on foreclosure sale under a judgment, and the question at issue is whether the suit on the judgment operated to destroy the rights of the mortgage bond holders who are eastern capitalists. The case was taken under advisement.

The report of the "Omaha" railroad, filed with railroad commissioner, Rice today, shows that it will pay the state \$15,436 more taxes this year than last. The gross earnings on which it pays 1 per cent, are \$4,352,593.19 the total tax being \$174,103.73.

Governor La Follette has not entirely recovered from the effects of his cold, and was not present at the executive office this morning.

Chief of Police Fred Pfister of Racine accompanied the boys to this city last evening.

## MARIA HALPIN HAS PASSED AWAY

Death of the Woman Who Figured So Prominently in the Cleveland Campaign.

New Rochelle, N. Y., Feb. 8.—Marie Halpin, who figured in the first Cleveland campaign, died today at her home in New Rochelle, where she has been living quietly for several years as the wife of Wallace Hunt, who keeps a hardware store in this city. The cause of her death was pneumonia. She was taken ill only a few days ago. When the physician found that the case was serious word was sent to the dying woman's son, who has been away from New Rochelle since boyhood. He is now 29 years old.

Mrs. Hunt was 60 years old. She was of refined and attractive appearance. Since her name was drawn into the Cleveland campaign she has led a life of retirement. She denied to her dying day that the stories concerning her and the ex-president were true. Her maiden name was Hoverton and she was born in New York city. She was the daughter of Robert and Maria Hoverton.

## SCHEME TO BUILD SUGAR FACTORIES

Three Plants, Involving Expense of \$3,000,000, Planned for Southern Wisconsin if Tariff is Upheld.

Milwaukee, Feb. 8.—Three beet sugar factories, involving an investment of \$3,000,000, are to be established in southern Wisconsin in case no change is made in the sugar tariff. Men who are interested in beet sugar interests in other parts of the country are back of the movement. The land department of the Wisconsin Central has been in negotiation with these men, and while it was admitted negotiations are pending the officers of the road refuse to divulge the names of those interested. A party of German experts have settled upon the sites of the proposed factories. They are all in the southern part of the state.

## WORK OF CONGRESS FOR NEXT WEEK

Washington, D. C., Feb. 8.—The oleo margarine bill will again claim the attention of the house next week and unless the appropriation bills interfere the measure will reach a vote before Saturday. The revenue reduction bill is likely to be called up in the near future. The consideration of the Philippine tariff bill will be resumed in the senate Monday. It is confidently expected the bill will be passed toward the end of the week.

## BOER WAR MAY SPREAD TO AMERICA; "BRITISH CAMP" AT NEW ORLEANS

General Samuel Pearson Denounces Government for Permitting English Horse and Mule Station.

Washington, D. C., Feb. 8.—General Samuel Pearson, who acquired his military title by virtue of some service in the Boer army, and who has been in this country for some time vainly endeavoring to enroll the United States with Great Britain, has adopted a novel method to secure official recognition which has hitherto been denied him.

The general has sent a formal letter to President Roosevelt in which he makes the curious threat that unless the federal authorities put a stop to the operation of a camp established near New Orleans by agents of the British army, from which place horses and mules are being shipped to South Africa, General Pearson himself will organize a force and make an armed attack upon the camp. In his letter to the president, which was dated at New Orleans, Pearson declares that the British remount camp is located at Fort Chalmette, not far from the southern metropolis. The general makes the point that to all intents and purposes a British military post has been established at the mule camp, and that it is really garrisoned by British soldiers, who, although they do not wear the uniform of the king, are engaged in warlike preparations.

## MRS. ROOSEVELT WITH HER BOY

The Condition of Theodore, Jr., Was Alarming This Morning.

## PRESIDENT MAY GO

Disease is Traced to the Students' Fad of Going Without Their Hats.

## TO CLOSE THE SCHOOL

Washington, Feb. 8.—Telegraphic advices from Groton, N. Y., this morning announce the condition of Theodore Roosevelt, Jr., about the same as it was last night. His temperature was alarmingly high and his pulse was rapid. No definite changes have been made in the program of the president's Charleston trip, the entire matter being left in abeyance until Monday, when the boys' condition will determine the trip.

At noon Secretary Cortelyou issued the following bulletin: "The condition of the President's son is favorable. The physician says the president should not go to Charleston as at anytime within six days the disease may take a sudden turn for the worse. The president is asked not to come to Groton as his visit might excite the boy, who is not in immediate danger." The president has decided to make the Charleston trip as soon as possible after his son's recovery.

Mrs. Roosevelt at Bedside  
Groton, Mass., Feb. 8.—Mrs. Theodore Roosevelt, the president's wife arrived here at 10:30 o'clock this morning. Upon her judgment of the seriousness of the case depends whether or not the president will come here. Over the telephone this morning Mr. Roosevelt said he would have accompanied his wife but for pressing business in Washington, which he is loath to leave unless it seems best.

In response to repeated requests for definite information Rev. S. Edgcomb Peabody, principal of the Groton school, gave out the following: "All information must come from the family of the pupil. The rules of the school forbid us to talk about the case. President Roosevelt is kept fully advised by frequent calls on the long-distance telephone, and he is in a position to make public any facts that he may wish to have known."

Avoids False Report  
"The president has two reasons, for not wishing me to discuss the case, first, because he considers his son of no more consequence than the sons of scores of other families represented at the school, and second, because the reports, through no intention of those handling them, might contain disturbing inaccuracies. The wisdom of this is shown by the fact that I have been advised of a rumor from several places that the boy is dead or dying."

Young Theodore and three other boys in the school are reaping the result of their recently introduced fad for going about out of doors bareheaded. All of the boys, of whom there are 160 in the school, from all parts of the country, have of late been doing this, and as no ill effects were noticed by the faculty the practice was allowed to go on.

Closed for Two Weeks  
With the intense cold of the present week, however, a number of the boys contracted colds, and four cases of pneumonia, including young Roosevelt, have developed this week. In consequence of these and the distraction of the president's son, the faculty today announced that the school will be closed for two weeks. By tomorrow night most of the 160 boys will have gone home.

Name Placed on New York Central  
Albany, N. Y., Feb. 8.—The state board of railroad commissioners on Friday made a "U. C. I." report concerning the New York Central tunnel disaster of January 3. The New York Central railway is censured for gross negligence of the obligations owed to the public.

DUN'S WEEKLY  
TRADE REVIEWRetail Business of the Past  
Seven Days Fair, Despite  
Bad Weather.

## STEEL IN BRISK DEMAND.

Imports are Probable—Cotton and  
Woolen Goods, Footwear and Staples  
Are Firm—Failures Show a Slight In-  
crease in the South.New York, Feb. 8.—R. G. Dun &  
Co.'s weekly review of trade says:

"Interruption to railway traffic and  
out-door work by severe storms was  
the only unfavorable factor in the busi-  
ness situation during the last week,  
while manufacturing activity in-  
creased, and distribution through retail  
channels was undiminished.

"Reports from the West are espe-  
cially encouraging, but a few South-  
ern points are slow to exhibit improve-  
ment. Railway earnings continue their  
monotonous record of increase for Janu-  
ary, gaining 7.2 per cent over last  
year and 24.2 per cent over 1900. The  
fourth week's earnings were somewhat  
reduced by bad weather.

"Famine conditions exist in the mar-  
ket for pig iron. It is doubtful whether  
there was ever a time in the history  
of the nation when this metal was so  
scarce. Considering the fact that pro-  
duction during 1901 was far beyond all  
previous records, the present shortage  
gives indisputable evidence of the un-  
precedented rate at which the mills  
have been consuming.

"Controlling interests depreciate all  
tendencies to inflate prices, recogniz-  
ing the fact that the continued heavy  
consumption is dependent upon quota-  
tions held at reasonable profit. Never-  
theless, if deliveries are wanted before  
July 1 it is often necessary to pay a  
premium in some instances to place  
orders abroad."

"Moderate supplies continue the best  
feature as to cotton goods, and there  
is no pressure to sell. Print cloths  
have risen slightly, and all lines are  
firmly held. Exporters are bidding for  
coarse colored cottons, but in these, as  
in most grades, buyers and sellers are  
far apart in their views of the right  
price. The situation appears to favor  
holders.

"Compared with the erratic course of  
the cereals during the preceding month  
or two, produce markets have been  
quiet this week. Dullness and lack of  
special influences were not productive  
of weakness, however, former quota-  
tions being stubbornly maintained. In  
the case of corn there are many ex-  
pressions of faith in lower prices with-  
out aggressive speculation on the short  
side. There was no support in Atlan-  
tic exports of 122,963 bushels, com-  
pared with 3,973,462 a year ago.

"Heavy storms curtailed the interior  
movement to 1,392,659 bushels, against  
5,016,836 last year. Exporters of wheat  
evince a disposition to wait for  
easier terms, but shipments on old or-  
ders were 4,427,296 bushels, against  
4,330,981 a year ago. Among the other  
staples cotton received little support,  
notwithstanding liberal port receipts.

"Business failures in the United  
States for the week number 247, as  
against 303 last week, 250 in this week  
last year, 231 in 1900, 193 in 1899, and  
278 in 1898. Canadian failures for the  
week number 29, as against 48 last  
week, and 34 in this week a year ago."

## Day Commits Suicide.

Decatur, Ill., Feb. 8.—Because he  
did not know how to deposit money in a  
bank and had committed a forgery,  
John Kohler, aged 17, son of a farmer  
living near Decatur, killed himself.  
Kohler had earned \$20 and came to the  
city to deposit it. When he stepped up  
to the window he presented a check  
bearing his father's name; it was a  
rank forgery and an officer was called.  
Kohler killed himself with a shotgun.

gate in the Philippines, on his arrival  
here from Rome, praying for the ex-  
pulsion of the friars and friar bishops  
in the interest of the church, as the  
Philippines consider them unfit to serve  
in the house of God.

## Strike Oil Near Glenwood.

Glenwood Springs, Colo., Feb. 8.—  
Oil has been struck in a well at Para-  
chute at a depth of 500 feet. It is of  
the same excellent grade as that re-  
cently discovered in a well at Debeque.  
The second discovery has added to the  
excitement, which already was at a  
high pitch.

Dyspeptics cannot regain health and strength by living upon  
half rations. They must eat plenty of good food and digest it.  
To enable them to do this they should use something that will  
help the stomach do its work. KODOL DYSPEPSIA CURE is such a  
preparation. It digests what you eat and supplies the sub-  
stances needed to build up the worn out digestive organs.

Prof. J. Ivison, of Lonaconing, Md., says: "For thirteen  
years I suffered agony from dyspepsia and neuralgia of the  
stomach. I tried almost everything and doctors drugged me  
nearly to death with morphine, but temporary relief was all I  
could obtain till I was advised to use KODOL DYSPEPSIA CURE.  
The first dose gave me relief. I bought my first bottle in  
March, 1900, and I have not had a single pain since. It has  
completely cured me. I cannot endorse it too highly."

It can't help but do you good

Prepared by E. C. DeWitt &amp; Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.

MATT J. JOHNSON CO., St. Paul, Minn.  
Gentlemen:—I have been a great sufferer from Rheumatism. I was laid up in bed  
and gave up all hopes of being cured. My legs were all swollen up and I could not  
move them without great pain. Your remedy was recommended to me by Chief Po-  
lice O'Connor, who said "Use it" and cured him. On taking one-fourth of the bottle I  
was able to get out of bed, the first time in thirty days. I have taken my second bot-

**Seek Relief!**

The great proportion of women who suffer  
never make a serious effort to benefit them-  
selves. The most of them go on paying no at-  
tention to their little menstrual disorders, be-  
lieving they will eventually wear off. They  
grow worse and worse every day. At the  
period of menstruation a woman is peculiarly  
susceptible to cold and other external influences  
and it is also the most favorable time for the  
development of hidden disease germs which  
may be lurking in the system. Any physician  
knows that disordered menstruation, falling of  
the womb and leucorrhoea are blighting lives in  
almost every home. No woman should ne-  
glect herself a moment after she sees indications  
of female diseases. Almost instant relief can  
be secured by the use of

**WINE OF CARDUI**

It will relieve you right in your own home.  
Will you accept the testimony of Mrs. Belgier  
and thousands of other women and really seek relief today? All druggists  
sell \$1.00 bottles of Wine of Cardui.

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.  
Your Wine of Cardui has done a world of good for me. I have used five  
bottles of the Wine and one package of Theford's Black-Drainage. And since  
I have started to use it I will not be without it in the house. It helped my  
sister in Toledo, who did not menstruate as she ought. She was sixteen  
years of age and nothing else helped her. I was in a very bad state myself  
before I used your medicine, but I found relief in three days. And now I  
feel like a new woman and do all my housework and washing, which I could  
not do before I took Wine of Cardui. I would be very glad to write any poor  
woman and tell her how I suffered before I used Wine of Cardui.

**WEATHER FORECAST.**  
Fair; continued cold tonight and Sunday.

**THE WHOLE PRICE.**  
"Well, I am five dollars ahead on that deal and no one will be any the wiser."

Johnnie soliloquized as he folded up the note that he had just paid, and slipped a five dollar gold piece into his pocket.

"Father thinks he gave me just money enough to pay the note and interest, but he got mixed up on dates and there was five dollars too much, but he will never know the difference and he never gives me any money, so that five just belongs to me. Then I discovered the error and made the old skin flint that held the note give up the money after spending half an hour trying to convince him that I was right. I am entitled to it, and I just won't say anything about it."

Johnnie was driving home in the evening from the little town where he had been sent to pay a note long past due. An obligation that had annoyed the family and caused them to scrimp and save, in a hard struggle to get out of debt, Johnnie had been obliged to leave school at fifteen, and take up the burden of distasteful work. For two years he had faithfully toiled without compensation. His wardrobe was scant, and a five dollar bill was more money than he had ever viewed. He was honest, or at least he enjoyed that reputation, and he flattered himself that his moral character was above reproach, but, like many other boys, he had never been tested. And when the subtle temptation came to him, and he thought of the life of idleness, he found no trouble in producing a strong argument in his favor.

As he jogged along in the edge of the evening, planning how he would spend the money, the stars came out, and as he entered a strip of woods the full moon rolled up from behind the tree tops, lighting up the old familiar wood, and the boy's attention was attracted to the beauty of the early evening, for he was a lover of nature, and enjoyed nothing more than studying its varying moods.

He crossed the little stream at the foot of the hill, that led to the old farm house, and then it occurred to him that he was not in harmony with the peace of nature which surrounded him, and a silent voice whispered: "better pay the whole price," and then there flashed through his mind the five dollars that seemed to burn in his pocket, and hastily removing it, and folding it into the note, he said: "I will." The struggle was over and no one but himself, and God ever knew how near the boy came to moral wreckage.

While it is conceded that people generally are honest, to the extent that they do not steal, or willfully defraud, the fact is also recognized that the whole price is not always paid. It is so easy to withhold a part, and so natural to do so, that the practice is rarely pronounced dishonest, and yet every time it is practiced, some one suffers injustice.

There is a great deal of fraud and embezzlement outside of banks and financial transactions, attracting less attention, because less prominent. When a cashier becomes a defaulter the world knows all about it the same day. That kind of dishonesty is heralded far and wide, and the man who has yielded to temptation, attracts more notice than a thousand faithful men who occupy similar positions of trust.

The merchant who makes a dishonest failure, returning a fraudulent schedule, and holding back part of the price, soon becomes known as a dishonest business man, and is rated accordingly.

Two thousand years ago, in the history of the early church, a community of interests was established. There was nothing compulsory about it, but enthusiastic believers in their zeal considered it an honor to sell their possessions, have one common treasury, and devote their time to what they believed to be the highest ideal of religious service.

One enterprising disciple owned a farm, and in discussing the new order of things with his wife, who was also thrifty, they decided to sell out, keep a part of the money, and contribute the balance to the general fund.

That was liberal and the plan would have worked all right, if they had been honest, but they wanted the reputation of being as liberal as their neighbors, and so they stated that the gift was the entire proceeds of the sale. Adam and Saphira, have lived in history as examples of people who professed great piety and honesty, and yet who withheld a part of the price by deception.

The average mortal is not given an opportunity to handle large sums of other people's money, and so the test of this kind of honesty is not applied, but every man and woman is being tested every day by the code of faithfulness in service, or in the discharge of every-day duties of life, and in very many instances it is not difficult to note that a part of the price is withheld.

The man on the street, in the employment of the city, who spends more time leaning on his shovel, than in using it, holds back part of the price. He may argue that the corporation has plenty of money and that he is entitled to some of it without much effort. That sort of argument is popular, not only with day laborers, but with many classes of people who feed at the public crib.

The young man behind the counter or in the office, who is busy when the ere of authority is on him, and careless when left to himself, is not paying the whole price. He believes in a ten hour day, forgetting that he is attempting to educate himself for a business that knows nothing about hours, so long as pressing demands are to be met. Unless he comes to himself and pays the whole price of energy, faithfulness and honesty, demanded by success in any calling, he will be working for ten dollars a week until he passes the age limit, and then he will be ready for the head man's axe, recommended by the American Federation in Chicago the other day, and all because he didn't pay the price when he had it in his possession.

The boy or girl in school, neglecting to improve the opportunities that never come to a life but once, is holding back part of the price, and thereby entailing loss that will be perpetual year after year, as life advances.

The teacher who becomes an automaton—and there are too many of this class—is not only defrauding employers, but is inflicting on child life an injury and injustice, that can never be repaired.

The professional man who is too lazy or indifferent to keep pace with the times is holding back enough of the price of success to defeat him in this age of sharp competition.

This is just as true of the man in business. He must invest with honesty, energy and intelligence, and if through indifference or inability any part of the price is withheld, he suffers in consequence.

The clergyman who depends on inspiration or anything else, but hard application for success, usually faces plenty of empty pews. The price demanded in this, as in every other calling, is all that a man possesses.

The home where love and sacrifice is withheld, however much it may represent in the way of wealth and luxury, soon becomes a travesty. A place where people eat and sleep, but in no sense a home.

The church is a favorite resort for deadheads, and more people are connected with this organization who refuse to pay the whole price, than all other organizations combined. The coin withheld is not always money. It is possible to be poverty stricken, and yet possess a heart full of loyalty, and willing hands for service. It need not mean the longest prayer or strongest exhortation, many weak voices and timid spirits possess rugged souls that never flinch.

When the whole price is paid and nothing withheld, it means a life consecrated to service, not forgetful of the fact that the highest honor is found in the lowliest work.

In every department of life, whether the home, the school, the shop, the store, the church, or the great outside world, the all that every man or woman possesses is demanded. A part of the price means a remnant or profit, or it may mean bitter disappointment. The willing to do or not to do, to give all or withhold a part, rests with the individual life, but results are left to a future, and destiny is largely determined by the willingness or unwillingness to make a full investment with each succeeding day. Fortunate the life that invests cheerfully.

**THE MODERN INDUSTRIAL MANAGER.**

The time is past when the commercial man was merely a creature of circumstance, moulded by his accidental surroundings. Today, if he would obtain success, he must be educated, or must educate himself, as carefully as the young engineer.

Know all, if he wishes to make his mark in industrial life, and does not care to trust to mere chance, he must have a professional training which is not inferior to that of the technical man. His information, aside from the mechanical part of his calling, will not only embrace a thorough knowledge of the tendencies of his own land and foreign countries, but he will become an industrial merchant—by which name we may distinguish him from the ordinary business man—and as such will devote himself to one branch of business, in which he will gain at least so much knowledge of the technical processes of the products as will enable him to discuss them intelligently.—G. Siebert, in the Engineering Magazine for February.

This rapidly developing age, makes vigorous demands on men in every calling, and the fact is generally recognized, that success comes to the man who is an expert in his work. Science has entered the industrial world with such rapid stride that in many departments, special training in scientific schools is necessary to the highest success. This is especially true of mine and mining.

The young man who enters this department, if he would accomplish anything, must be an expert geologist, as well as a skillful mining engineer.

The school at Houghton, Mich., has in attendance 175 young men who are spending four years in hard study, and practical work in preparing themselves for active life. The school year, from Oct. 1 to Sept. 1, and the school day, from 8 o'clock in the morning, until six o'clock at night, with four hours' study in the evening. The

boys have neither time nor inclination for football or other amusements. They are absorbed in their work, realizing that as soon as the course is completed, that their services will be in active demand, at good salaries.

What is true of mining is equally true of the electrical world, and many other departments. Many of the best lines of business are semi-professional, and the age demands intelligence, more than ever before.

The veterinarians, oil inspectors and game wardens have exhausted all their energies, and now the democrats have started out. One of them boasted of having seventy democratic names to a La Follette petition in the southern part of the state yesterday. It looks very much as though the party did not intend to have a candidate this year.

Fortunately for Madison, that city is surrounded by water. Instead of being divided by a river, Madison will have no trouble in locating her library building, while Rockford has about decided on a movable structure. A river is a nice thing, but it might better be a mile away from town.

Public sentiment will denounce the paper mill men for not acceding to the demands of their employees. There are very few industries that do not close for Sunday, and why paper mills should be an exception is a question on which the public is not advised.

With a three cornered fight in Milwaukee, the democratic candidate will have a walk-away. Cream City republicans should get together long enough to serve their own interests in a city election, to say the least.

Whitehead petitions are coming in from all parts of the state, and the endorsement is very flattering.

If it takes one woodchuck to make a winter how many swallows will it take to make a spring?

The main cog in the state board control at the present time is the democratic member.

**A CHRISTIAN MAN.**  
In an article scoring some of the democratic and half-breed papers for insulting Hon. John M. Whitehead because he is a temperance man and a Christian gentleman, the editor of the Waukesha Freeman says:

"Shame on those who lay claim to decency and respectability, and yet try to pull down the man who represents the higher and better element of society, simply because he does represent the better element and is above ward politics. Any man has a right to oppose Senator Whitehead but the man who opposes him because he is an upright Christian gentleman, with a good moral character and an active interest in the welfare of his fellow beings, is about as low-lived as the law allows. And he's a mighty poor politician, besides.—Rice Lake Leader.

**PRESS COMMENT.**  
Chicago Post: By yielding to the tender emotions of her heart and remarrying, Mrs. Stokes forfeits not only alimony amounting to \$12,000 a year, but also perpetual guardianship of her little boy. But what of this? Who can blame this estimable woman for following the dictates of her heart and listening to the allurements of affection? For, as has been truthfully and pointedly remarked, better is a diet of herbs where love is than \$12,000 a year, a small son and hatred therewith.

Monroe Sentinel: Two years ago when R. M. La Follette announced his candidacy for the governorship of Wisconsin, there were five other candidates in the field. They were all good, strong men, either of whom would have made a good, safe governor, if elected to that high office. Now there seems to be but one chosen in opposition throughout the state by republicans who oppose Mr. La Follette's radical ideas of change-so-called reforms. John M. Whitehead is the man upon whom the opposition will likely unite.

Racine News: There are paper mills that turn out sheets of paper 164 inches or almost 14 feet wide. There will soon be built in London a machine that will make a roll 16 feet wide, at the rate of 40 tons a day, in a continuous roll. It will have a speed of 600 feet a minute so that in five minutes it will make paper enough to cover an acre, or approximately 100 acres in a working day.

La Crosse Republican-Leader: The whole world laughs at the "impressions of America," written by foreigners who make a flying tour of the country, and there is no good reason why the impressions of the Philippines brought away by visiting congressmen shall receive any more serious treatment.

Madison Journal: The "oleo" fight is on and it is a bitter one. The dairyman at last concedes that the substitute has merits as a feed and the issue seems to be whether the claims of butter are sufficient to compel oleo to be sold in its white unattractive form.

Lake Mills Leader: The late Vice-President Stevenson has expressed himself as wanting the democracy to present an unbroken front, and the Chicago Record-Herald is cruel enough to say that to do so it had better get a new one.

Racine Journal: The Stevens primary bill in fact would have retired the mass of the people from politics and placed the great game in the hands of the manipulators of the varied and intricate machinery.

Women's Catholic order of Foresters will give a card party at their hall Monday evening. Friends of the order are cordially invited.

## CONE CREED CHANGE MADE.

Presbyterian Committee Has Developed a Conservative Spirit.

Philadelphia, Pa., Feb. 8.—The Committee on Creed Revision of the Presbyterian Church, which is now sitting in this city, devoted both sessions Friday to the consideration of a brief statement of doctrine, devoid of all technicalities, for popular use. At the conclusion of the afternoon session a member of the committee said:

"After a full and free discussion the committee have adopted one article which relates to Revelation. We have agreed upon the form of the article: The substance remains the same, the changes made consist chiefly in the manner of expression.

"This is the first point that has been voted upon by the committee and formally adopted. The action Friday will stand unless it is reconsidered, which can be done only by a two-thirds vote.

"The committee will return to the discussion of the revision of the confession. We shall go back to review the action taken tentatively on Thursday when it was agreed to revise chapters III. and X. of the confession by a declaratory statement."

Two Chicago Buildings Burned.  
Chicago, Feb. 8.—Nearly a quarter of a million dollars in property was destroyed by fire and water in the downtown district Friday. The flames destroyed the building at 148 and 149 Michigan avenue, occupied as a storehouse by Gage Brothers & Co., wholesale milliners, and the Central Union Telephone company, and also the five-story building at 38 Randolph street. The loss at the first fire was \$150,000, at the second over \$75,000. No lives were lost and but five persons were injured, all slightly.

J. P. Morgan's Fast Ride.  
Philadelphia, Pa., Feb. 8.—Two alternatives faced J. Pierpont Morgan Friday. One was to break an appointment with a fellow financier in Mr. Morgan's office at Wall and Broad streets, New York. The other was to break a record for fast railway travel. He kept his appointment. To do this he rode over 30.2 miles of rails in eighty minutes and twenty seconds.

New York Doctors Protest.  
New York, Feb. 8.—Resolutions have been adopted by the New York Academy of Medicine protesting against the decision of the treasury department classifying pulmonary tuberculosis among "dangerous contagious diseases," in accordance with which emigrants afflicted with the disease are barred from the country.

Garrett Institute Gets \$10,000.  
San Francisco, Cal., Feb. 8.—The will of Mrs. Caroline E. Cogswell divides the decedent's property among more than a score of relatives in half a dozen states. A bequest of \$10,000 is made to the Garrett Biblical Institute at Evanston, Ill. The estate disposed of is valued at \$500,000.

Gov. Durbin Going to Cuba.  
Indianapolis, Feb. 8.—Governor Durbin and staff will leave here Feb. 13 for the Charleston exposition and will be present at the celebration of Indiana day, Feb. 25. The party will go from here direct to Jacksonville, Fla., and then to Miami, whence they will sail for Havana.

## REGISTRY LAW FOR SPRING ELECTIONS

Requires Much More Work Than Under Old System—Voters Must Appear in Person.

The new registration law which goes into practice for the first time at the coming spring election threatens to cause the boards of registration a small amount of trouble and much more work than under the old system. In some places the city clerks have called meetings of the inspectors and clerks of election to instruct them on its points but no such action has yet been considered in this city.

The law provides that voters must be registered in alphabetical order, and according to their residences on the street in the wards in which they live. Formerly each voter's name was recorded with others, alphabetically arranged. To register votes in this manner was simple enough. The new law requires all voters on each street to appear in order, the one living nearest the head of the street to be placed at the top of the list, followed in order by his next neighbor, and so on down the street. The new law regarding registration of voters applied to cities of the first, second and third classes. It is as follows:

"The inspectors of election in all cities of the first, second and third class shall make a register of all electors of their respective precincts, arranging the names in such manner that all electors residing on the same street are grouped and in numerical order, commencing with the lowest house number from one boundary line of such election precinct to the highest house number on the same street within the boundaries of said precinct. The printed registered list shall have the names of the various streets displayed in heavy type over each group of electors residing on such street within the precinct boundaries, and such streets shall be arranged in successive geographical order from east to west and from north to south."

The first registration days shall be Tuesday, March 4, and Wednesday, March 5. A second opportunity is afforded one week before election, Tuesday, March 22, the hours being from 9 a. m. until 8 o'clock p. m.

## ACROSS ROCK RIVER AT NEWVILLE

The Steel Bridge Has Been Completed, and is Now Open for Traffic.

The Wisconsin Bridge company have practically completed the new steel bridge across Rock river at Newville, so that is open to traffic. The bridge is of the overhead truss design and is said to be the finest bridge in the county. The cost of the structure is in the neighborhood of \$7,000, part of which is paid by the town and part by the county.

E. H. Ransom, J. E. Gleason and W. B. Andrews, the county committee on roads and bridges, went to Newville yesterday to accept the bridge if it proved to be up to the contract. They were well satisfied with the structure with one exception. The contract calls for the piers to be protected by a certain amount of rip-rap, this had not been done, and the committee refused to accept the bridge, until it was completed.

The contractor at once set a gang of men at work doing this, and agreed to have it completed by Monday, when the committee will make another visit to Newville.

## The Comic Valentine.

A woman's club down in Illinois has begun a crusade against the so-called comic valentine, which is both timely and worthy. The hideous excuses for pictures which are sold to children on Valentine day with their atrocious rhyme and worse sentiment should be abolished. The idea is at total variance with St. Valentine, who presides over the love affairs of the world on February 14. He is the patron saint of Cupid's hearts and love's darts and has nothing to do with hideous caricatures. Their novelty even has worn off now, and the children's pennies had better be spent for the pretty kind that do no harm and hurt no one's feelings.—Marionette Eagle.

## Don Holloway Gets Job

Don Holloway of this city, who is attending the state university at Madison where he is taking the five year mechanical course, was recently called to Ishpeming to take charge of the manual training department on the city schools. Prof. D. D. Mayne recommended him for the place. The position was only temporary, but during the three weeks he was in charge he conducted the department to the satisfaction of all. He had at one time over 400 pupils under his charge.

## Polo Team Leaves for Racine

The Janesville polo team left this morning for Racine to play a return game with the Horlicks. Through some misunderstanding with the management of the team they left without their equipment. The boys felt that they were indebted to the Horlicks for a return game and left with them this morning to fulfill their agreement.

Mr. Reichert, the owner of the Racine rink, stated that he had plenty of equipment for the team and would furnish them with an outfit.

This is the same team that has been playing at the Palace rink during the winter. This game, however, is under their own management.

O. E. O'Brien was given a judgment in Justice Earle's court yesterday against Chas. W. Wisch for \$7.10. George Gessert was given one for \$10.51 against C. G. Biederman, which was paid.

Five hundred styles in the newest and choicest things in silk gingham, silk tissues and Mercerized gingham, are being shown at the store of Bort, Bailey & Co.

The Myers Grand should be packed to the doors tonight. The Howard-Dorset company are well deserving of just such a house and the indications are that they will get it. Mrs. W. H. Green is dangerously ill at the home of her mother, Mrs. Jno. Fathers, 109 N. Bluff street.

Musicians of the city are much interested in the program to be rendered at the Y. M. C. A. building next Monday evening. The event promises to be second to none ever held in the city. With the admission at 25 cents there will no doubt be a crowded house.

Articles amending the articles of incorporation of the Sadger State Long Distance Telephone Company were filed in the Register of Deeds' office yesterday. They change the board of directors from five to eleven, and the head office from Milwaukee to Janesville.

Miss Henrietta Lageman was hostess last evening at a gathering of young ladies in honor of Miss Josephine Gillingham and Grace Janney of Richland Center. During the evening numerous games were indulged in and a number of musical selections rendered. Choice refreshments were served and all present had an enjoyable time.

Yesterday afternoon two interesting basket ball games were played at the high school, the first between the first and second boys' teams, which resulted in a victory for the second team by a score of 31 to 19. The second game was between the first teams, the Whites and the Golds, the score at the end standing 11 to 4, in favor of the Whites.

Chas. Daly was given an pleasant surprise at his Milton avenue home by about fifty of his friends. The evening was pleasantly spent in playing chess. The first prizes fell to Mrs. F. S. Stillson and J. F. Hogan, and Mrs. Wm. Vickerman of Milton and John Kenmet securing the consolation prizes. After the card game had ended tempting refreshments were served to the assembled guests.

## COMPANY'S SUCCESS BEYOND QUESTION

Citizens' Mutual Fire Insurance Company Make an Excellent Showing.

The Citizens' Mutual Fire Insurance company are now settled in their new offices in the Jackson building and a cosier or more convenient suite it would be hard to find. The success of this company should be a source of pride to all our citizens as it is strictly a home enterprise and is succeeding in keeping a lot of money here at home which otherwise would be sent away from here and besides as this company has been paying for the past two years a dividend of 25 per cent. it has saved its policy holders no small amount of money.

The company is in no sense a cut-rate company but writes its business at the same rates that the stock companies do and at the end of the year pays a cash dividend as large as it is able to pay and this has been 25 per cent for the last two years and as the surplus today is larger than ever before there is no question but what it will continue to do so. The company has promptly settled every loss to date to the entire satisfaction of the assured.

The management of the company rests in a board of directors who are all conservative business men of Janesville and who are giving to the management of this company the same careful attention they would give to their own individual business. The outlook of the company certainly never was better and those who are obliged to carry insurance certainly should have at least one policy in the home company. It is a Janesville institution and should receive the hearty support of all our people.

## GOLDEN OAK FINISH

Ex-Alderman Casey's Place Is Second to None in the City—Soon Have an Opening.

Ex-Alderman John Casey's new place of business at 205 West Milwaukee street is second to none in the city. For several months contractors have been busily engaged on the erection of a new block for Mr. Casey the structure being a handsome two story white brick that is a credit to that portion of the city.

The second floor is occupied by a well arranged suite of rooms that lack for nothing in the way of modern improvements. The entire first or ground floor is occupied by Mr. Casey's saloon. The bar fixtures are all in golden oak finish and are second to none in Janesville. The mirror effect is handsome and is offset on all sides by massive oak pillars.

The surrounding wood work is also in harmony being of a golden oak finish. A spacious and pretty cigar case occupies a place in the front of the store. A roomy ice box is placed near the bar. The stock of liquor to be handled by Mr. Casey will be the best to be obtained for the money.

The local public will bear the writer out in asserting that there is no more popular man in the business in Janesville than Mr. Casey nor one more deserving of the confidence and esteem of the general public. Mr. Casey's friends extend to all parts of Rock county and to say that he is a man well liked is merely to repeat a statement that all will admit.

Mr. Casey is now making arrangements for a grand opening, the exact time to be announced later.

## CITY NEWS IN BRIEF

Don't forget Janesville Rebekah masquerade, Feb. 20. Smith's orchestra. Cash prizes given.

## HEIMSTREET OUT OF PHARMACY BOARD

Continued From Page 1.

street on the board of pharmacy expired in April, that he had been nominated by the State Association for reappointment, therefore, would offer the following resolution:

Resolved, That we ask the governor of the state to reappoint E. B. Heimstreet of Janesville as member of the state board of pharmacy.

F. M. Crow of Evansville said he wished they could make it even stronger, that he had run up against E. B. Heimstreet in years past, but had no ill will, that he had proved an efficient officer and all would be pleased to see him re-appointed. The resolution was adopted unanimously.

## Causes Much Comment

The fact that Mr. Heimstreet had been dropped caused great comment among the people of this city, republicans and democrats alike deplored the move and were not backward in stating that if this was the way La Follette proposed to conduct his campaign he would find he had made a great mistake.

The leaders of the Whitehead section felt satisfied that it will help the stalwart cause more in this part of the state than any other move that has been made by La Follette so far. They see in this a move in the plan laid out by him to secure control by putting his friends in all the public offices possible.

Druggists Denounce the Move The druggists of the city all denounce the move and are not backward in expressing their opinions. They one and all call it as shame and say that Heimstreet was the best man in the state for the position and was the life of the board. The least the governor could have done would have been to have waited until his term of office expired and then appointed a man from this part of the state and not give Milwaukee two members.

This is not the first time that Ruzzel, the appointee, has tried to get on the board. He was defeated for membership in 1890, '97 and '98.

## AN IDEAL MEDICINE.

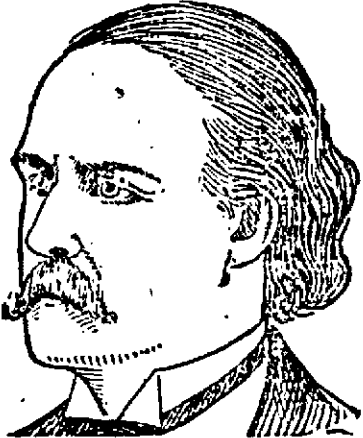

## A New Discovery Which Cures All Forms of Catarrh.

The tablets is the ideal form in until recently no successful catarrh tablet had ever been attempted. There is now, however, an excellent and palatable remedy for catarrh in tablet form, known as Stuart's Catarrh Tablets and sold by druggists, composed of the most recent discoveries in medicine for cure of catarrh and results from their use have been highly gratifying.

The old time treatment of catarrh was in the form of inhalers, washes, douches, sprays, etc. Later on internal remedies were used with greater success but being in liquid or powder form were inconvenient to use and like all medicines in liquid or powder form, lose their medicinal properties when opened or exposed to the air.

Stuart's Catarrh Tablets contain highly concentrated antiseptics, Red Gum, Blood Root, etc., which kill the catarrh germs in the blood and mucous membrane, and in this respect are strictly scientific and modern, because all authorities are now agreed that catarrh is a constitutional blood disease, and local applications can have only a transitory effect.

The use of inhalers, douches, and sprays is a nuisance and inconvenient and can in no wise compare favorably with the same antiseptics given in tablet form internally, where they can reach the stomach and blood and kill catarrh germs right where they are produced.

A prominent lawyer and public speaker of Pittsburgh says: "I have been troubled with catarrh of the head and throat for twelve years. In this climate it seems impossible to get rid of it. The continual dripping of mucus from the nose into the throat caused irritation and hoarseness, seriously interfering with my public speaking. It took me an hour or more of coughing, gagging, expectorating and sneezing every morning before I could settle down to work and this condition gradually brought on catarrh of stomach, causing loss of appetite, poor digestion and a foul breath, which annoyed me exceedingly. My physician advised me to try Stuart's Catarrh Tablets and I took them for two months and was astonished to find how quickly they cleared my head, throat and stomach and I have no hesitation in recommending them. They are not only pleasant to take, but they seem to get at the very root of the trouble, because since using them I have had no trace of catarrh."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package. They can be carried in the pocket and used any time and as often as desired since they contain no calomel mercury or any other injurious drug.

When you want a physic that is mild and gentle, easy to take and pleasant in effect use Chamberlain's Stomach and Liver Tablets. Price 25 cents. Samples free. Every box guaranteed. For sale by Peoples' Drug Store and Kings' Pharmacy.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hard earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Brewer's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 333 Walnut Street, Lorain, Ohio. "It got so bad I had to lay off quite often two and three days in a week, my stomach would bloat and I would belch up gas and was in awful distress at such times. I have employed and been treated by the best doctors in the city but got no help whatever. By some way or other I happened to get hold of a box of your 'Pellets,' and I thought they helped me. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint, and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Brewer's Pleasant Pellets regulate the bowels.

## LETTER TO MOTHERS.

By Mrs. J. H. Haskins, of Chicago, Ill.,  
President Chicago Arcade Club.

## Comforting Words to Women Regarding Childbirth.

All who are at all familiar with social life at the southside of Chicago know well the Arcade Club, and will tell you that it is one of the largest and most influential clubs in Chicago. It can be readily understood, therefore, that such a prominent woman as the head of this club could have only one object in view in allowing her portrait and letter to be published in connection with any medicine, and that is, to do good to other suffering mothers. Well does Mrs. Haskins know that there are thousands of women who dread the period of childbirth; thousands who are prostrated high unto death at the birth of each child, and for months afterwards are weak and miserable, and almost courting death as a relief from suffering.

A capable mother must be a healthy mother. The experience of maternity should not be approached without careful physical preparation. Care and careful counsel is what the expectant and would-be mother needs, and this counsel she can secure without cost by writing to Mrs. Pinkham at Lynn, Mass.

Thousands and thousands of women have been carried through this trying ordeal safely and comfortably by a faithful reliance upon Lydia E. Pinkham's Vegetable Compound, and Mrs. Haskins generously loans us her name and portrait to help us to convince all skeptical women that health and happiness abounds in Lydia E. Pinkham's Vegetable Compound.

MRS. J. H. HASKINS,  
President Chicago Arcade Club, Chicago, Ill.

"DEAR MRS. PINKHAM:—Mothers need not dread childbearing after they know the value of Lydia E. Pinkham's Vegetable Compound. While I loved children I dreaded the ordeal, for it left me weak and sick for months after, and at the time I thought death was a welcome relief; but before my last child was born a good neighbor advised me to try Lydia E. Pinkham's Vegetable Compound, and I used that, together with your Pills and Sanative Wash for four months before the child's birth;—it brought me wonderful relief. I hardly had an ache or pain, and when the child was ten days old I left my bed strong in health and happy in mind. Every spring and fall I now take a bottle of Lydia E. Pinkham's Vegetable Compound and find it keeps me in continual excellent health; \$2 or \$3 a year keeps me well and strong."—Mrs. J. H. Haskins, 3248 Indiana Ave., Chicago, Ill.

"She is a Pinkham Baby."

"DEAR MRS. PINKHAM:—I cannot thank you enough for what you have done for me. I wrote you some time ago about not being able to go my full time during pregnancy. Now, after taking the treatment you advised, we have a dear little girl baby, the joy of our home. I tell my friends she is a Pinkham baby, for had it not been for Lydia E. Pinkham's Vegetable Compound we never could have had her. My health is good, thanks to your medicine."—Mrs. HARRY RUBY, Urbana, Iowa.
